

# Day In The Life Of A Wildlife Rescuer!

Explore the Responsibilities: Choose 10 Tasks a Rescuer Takes On

NAME: \_\_\_\_\_

DATE: \_\_\_\_\_

Introducing Peter, a caring **wildlife rescuer** dedicated to helping animals in need. With a strong love for nature and a brave heart, Peter responds to calls about injured or orphaned wildlife, ready to lend a helping hand. His passion for wildlife conservation shines through in every rescue, as he works tirelessly to ensure the well-being of animals and spread awareness about their importance in our world.

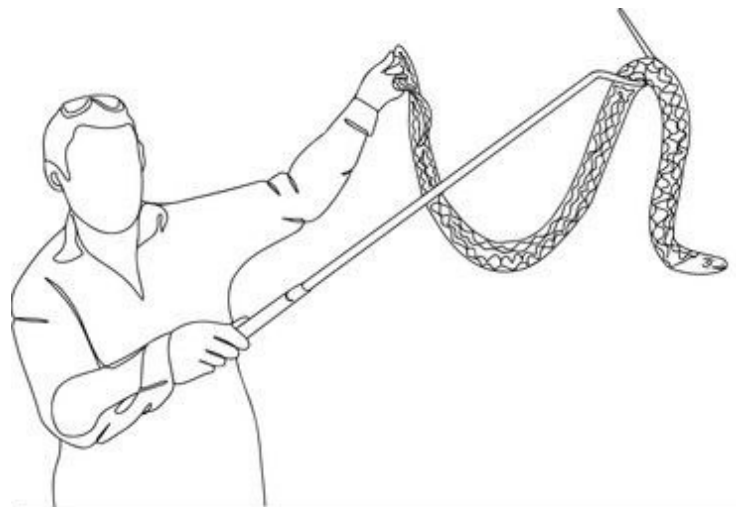

**Which of the following tasks does Peter take on as a wildlife rescuer?**

1. Investigating wildlife-related crimes, such as poaching or illegal trade.
2. Conducting research to assess environmental risks and develop mitigation strategies.
3. Responding to calls about injured, sick, or orphaned wildlife.
4. Performing surgeries and medical procedures on wildlife patients.
5. Conducting educational outreach to raise awareness about wildlife conservation.
6. Participating in conservation projects to protect endangered species and their habitats.
7. Sharing photographs through exhibitions, publications, and online platforms.
8. Arranging transportation for rehabilitated animals to suitable release sites.
9. Enforcing laws and regulations to protect endangered species and their habitats.
10. Providing immediate first aid and medical care to injured or sick animals.

Skills: Spelling, Problem-Solving, Cognitive, Perseverance and Focus, Knowledge Acquisition, Analytical Thinking, Cultural Literacy

11. Providing guidance to the public on how to safely interact with wildlife and what to do in case of emergencies.
12. Conducting research on wildlife diseases and treatments to improve conservation efforts.
13. Conducting initial examinations to determine injuries or illnesses.
14. Analysing data to understand trends and make recommendations for conservation efforts.
15. Ensuring animals are released back into their natural habitats at appropriate locations and times.
16. Organizing field trips and nature walks to observe wildlife in their natural habitats.
17. Reporting to regulatory agencies and keeping track of legal requirements related to wildlife rescue and rehabilitation.
18. Arranging transportation for rescued animals to rehabilitation centres.
19. Monitoring wildlife populations and enforcing wildlife protection laws.
20. Assessing the condition of rescued animals and prioritizing treatment based on severity.

Skills: Spelling, Problem-Solving, Cognitive, Perseverance and Focus, Knowledge Acquisition, Analytical Thinking, Cultural Literacy

# Answer Key

**Here are the 10 duties a wildlife rescuer performs:**

1. Responding to calls about injured, sick, or orphaned wildlife.
2. Conducting educational outreach to raise awareness about wildlife conservation.
3. Arranging transportation for rehabilitated animals to suitable release sites.
4. Providing immediate first aid and medical care to injured or sick animals.
5. Providing guidance to the public on how to safely interact with wildlife and what to do in case of emergencies.
6. Conducting initial examinations to determine injuries or illnesses.
7. Ensuring animals are released back into their natural habitats at appropriate locations and times.
8. Reporting to regulatory agencies and keeping track of legal requirements related to wildlife rescue and rehabilitation.
9. Arranging transportation for rescued animals to rehabilitation centres.
10. Assessing the condition of rescued animals and prioritizing treatment based on severity.
