

Rescue Mission: What Put These Animals in Danger?

Learn how human actions affect wildlife and lead to rescues!

NAME: _____

DATE: _____

1. I swim in the ocean, but something invisible tightens around me. I struggle to move, and I can't breathe. What's trapping me?

Answer:

.....

2. I am a leopard looking for food, but suddenly bright lights blind me. Loud honks scare me, and I freeze as big metal monsters rush toward me. Where am I?

Answer:

.....

3. I am a jackal, sniffing for food. I find something tasty in a big, smelly pile, but it makes me sick. What did I eat?

Answer:

.....

4. I am a sea turtle looking for jellyfish to eat. I see something floating and swallow it, but it doesn't taste right. What did I just eat?

Answer:

.....

5. I am a small bird flying at night. I follow the moon, but then I see a bright red glow and get confused. I fly toward it and crash. What tricked me?

Answer:

.....

6. I am an otter swimming in the river. My home used to be full of fish, but now the water is dirty, and I can't find food. What happened?

Answer:

.....

Skills: Spelling, Problem-Solving, Cognitive, Perseverance and Focus, Knowledge Acquisition, Analytical Thinking, Cultural Literacy

Rescue Mission: What Put These Animals in Danger?

Learn how human actions affect wildlife and lead to rescues!

NAME: _____

DATE: _____

7. I am a deer living in the forest. One day, big noisy machines come and tear down all the trees. Now, I have nowhere to hide. What happened?

Answer:

.....

8. I am a monkey living near people. They give me chips and biscuits every day. Now, I only eat junk food and forget how to find my own. What's wrong?

Answer:

.....

9. I am a peacock sitting on a tree. Suddenly, a loud explosion shakes the sky, and I panic! I fly into a pole and get hurt. What scared me?

Answer:

.....

10. I am a vulture searching for food. I find a dead cow and start eating, but I feel dizzy and weak. Soon, I can't fly. What poisoned me?

Answer:

.....

11. I am a stray dog living in the city. I drink water from a roadside puddle, but it tastes strange. Later, I feel sick and can't stand. What was wrong?

Answer:

.....

12. I am a hornbill looking for a tree to build my nest. But all the tall trees are gone, and I can't find a safe home. What happened to my forest?

Answer:

.....

Answer Key

1. I swim in the ocean, but something invisible tightens around me struggle to move, and I can't breathe. What's trapping me?

Answer: Fishing nets (Bycatch in the fishing industry).

2. I am a leopard looking for food, but suddenly bright lights blind me. Loud honks scare me, and I freeze as big metal monsters rush toward me. Where am I?

Answer: Road traffic (Leopard accidents while crossing highways).

3. I am a jackal, sniffing for food. I find something tasty in a big, smelly pile, but it makes me sick. What did I eat?

Answer: Plastic waste (Jackals eating food from garbage dumps).

4. I am a sea turtle looking for jellyfish to eat. I see something floating and swallow it, but it doesn't taste right. What did I just eat?

Answer: Plastic pollution (Plastic bags in the ocean).

5. I am a small bird flying at night. I follow the moon, but then I see a bright red glow and get confused. I fly toward it and crash. What tricked me?

Answer: Light pollution (Birds getting disoriented by city lights).

6. I am an otter swimming in the river. My home used to be full of fish, but now the water is dirty, and I can't find food. What happened?

Answer: Water pollution (Chemicals and waste dumped into rivers).

Answer Key

7. I am a deer living in the forest. One day, big noisy machines come and tear down all the trees. Now, I have nowhere to hide. What happened?

Answer: Deforestation (Cutting down forests for development).

8. I am a monkey living near people. They give me chips and biscuits every day. Now, I only eat junk food and forget how to find my own. What's wrong?

Answer: Feeding wildlife (Monkeys becoming dependent on human food).

9. I am a peacock sitting on a tree. Suddenly, a loud explosion shakes the sky, and I panic! I fly into a pole and get hurt. What scared me?

Answer: Firecrackers (Noise pollution disturbing birds and animals).

10. I am a vulture searching for food. I find a dead cow and start eating, but I feel dizzy and weak. Soon, I can't fly. What poisoned me?

Answer: Veterinary drugs (Diclofenac poisoning in vultures).

11. I am a stray dog living in the city. I drink water from a roadside puddle, but it tastes strange. Later, I feel sick and can't stand. What was wrong?

Answer: Water pollution (Toxic chemicals in urban drains).

12. I am a hornbill looking for a tree to build my nest. But all the tall trees are gone, and I can't find a safe home. What happened to my forest?

Answer: Logging and habitat loss (Tree-cutting reducing nesting sites).
