Match the Problem!

Test Your Knowledge on Helping Animals in Need.

NAME: _____.   DATE: _____.

- A stray dog stuck in a drain

- A bird tangled in kite string (manja)

- A monkey eating plastic waste

- A cat trapped in a parked car's engine

- A snake in a residential area

- A turtle crossing a busy road

- A dog with an injured leg limping near a market

- A crow struggling to fly near an electric pole

- A cow eating garbage near a roadside

- A bat stuck inside a house

- A baby squirrel fallen from a tree

- A fish trapped in a shrinking pond due to summer heat

- Observe from a safe distance and call a vet or animal rescue

- Turn off lights, open windows, and let it find its way out

- Inform wildlife officials or relocate to a nearby larger water body if safe

- Call a local animal rescue helpline

- Keep it in a warm box near the tree and wait for the mother to retrieve it

- Gently approach and call for expert help

- Carefully pick it up and move it to a safe natural area, in the same direction it was going

- Check if it's tangled in manja and contact local wildlife rescuers

- Wait for it to come out and honk softly before starting the engine

- Inform authorities and help remove the obstruction if safe

- Remove harmful items if safe, and inform authorities about waste disposal issues

- Check if it's tangled in wires and contact local wildlife rescuers

Answer Key

Urban Danger	Solution
A stray dog stuck in a drain	Call a local animal rescue helpline
A bird tangled in kite string (manja)	Check if it's tangled in manja and contact local wildlife rescuers
A monkey eating plastic waste	Inform authorities and help remove the obstruction if safe
